This addendum responds to a question about earthwork and exaction and curb removal.

- The existing “curb” are parking blocks placed like a curb along the business 10270 Wayne Ave, Cincinnati, OH 45215. These will need to be moved during construction and placed back after roadway work is complete.
- Compensation for subgrade removal is part of earthwork and is minor in nature and is considered incidental to the construction quantities and includes haul-off and removal.
